

FIGT2021 E-POSTER ASSESSMENT CRITERIA

THEME	Criteria	Score
CONTENT	Is the title resemblance / adequate with the mission of FIGT?	
	Are the author(s) name and contact details easy to be identified?	
	Was the content suitable for experts and non-experts alike?	
	Is the content free of spelling and grammatical error?	
Research Method	How detailed, appropriate, original are the methods and is there enough explanation?	
Research Results	How well are the results presented? How clear and well-labeled are the graphs and figures?	
Conclusion	Are any conclusions presented? For research poster, do they reflect the aims and are they supported by the data?	
Flow	Is there a good flow of information (logical, layout of information)? Is the sequence of poster easy to be understood?	
	Is there a memorable “take-home” message?	
AESTHETICS	Overall, how is the visual appeal (colour schemes, lay-out, crowdedness of text), are they easy on the eye?	
	Average Score	
Decision: Accept / Major Revision / Minor Revision / Reject		
Additional comments:		

Scoring: Likert Scale 1-5; 1 = very unsatisfied, and 5 = very satisfied
